“ Mom, I am lucky to be called your son. I was the last of 6, but made an impact from day one being a big baby at birth. You leave behind a legacy of family and you taught us to love our siblings through your example throughout the years of unconditional love. I miss you each day but keep you in my heart as I know we will be together again. I love you mom for the person you are and the example you have set. Family is everything. I love being a part of the Fenn family. I look forward to the day I see you again. Till we meet again. Love, Reed

“ Mom, I'm still finding it hard to believe it hard to believe that you are gone. Maybe that is because I still feel your presence so close by. I don't know if that is because we haven't had your Funeral and it will change or because I just really need to feel your presence. I can go all day helping day run errands preparing for the Funeral and not cry and be alright and then when I'm alone and in my quiet place, I just lose it. Mom I miss you so much, you were my Best Friend, You were my Rock, My Anchor. You and I could communicate without words. I knew what you were feeling. I could feel your pain. Mom I know you are Happy to have returned Home with your Heavenly Father and Earthly Parents. I know you have been celebrating and I am happy for you and I am, but I am so sad for me and for us until we meet again. Until our ✨ align my Angel Mother, May you shine in our darkness. I love ❤️ You in my darkest hours always mom. Jodi ✨❤️✨❤️✨❤️ ✨❤️✨❤️✨❤️

“ *Billie and Don have been our friends for many years, first in Oregon and then here in Orem. They moved here before we did and welcomed us and showed us around when we arrived. We raised our children together, often in the same ward, always in the same Stake, there in Oregon. Bill was their home teacher for a few years and Vesta was occasionally his companion. It was nice to have old friends here when we moved here. Don would come check on us from time to time. They have been good friends to us and we love them and their children and we are going to miss Billie. We know she hasn't been herself recently, but the last time we saw her, she was smiling, happy and laughing at everyone's jokes. Bill and Vesta Turner*

“ *My love and condolences to you, Don, and all of the family at this time of Billie's passing.*
My association with Billie goes back many years beginning while we were in college at BYU. My husband, Phil, goes back even further to knowing her in Eugene. We were part of the "Oregon group" having many fun parties and dinners. We were all having children at the same time which added to our enjoyment with each other.
I appreciated Billie's knowledge of the scriptures and how she always managed to add a spiritual example to the conversations we were having. Love to all, Vena Lee Cannon

Vena Lee, it was so good to talk to you yesterday with dad. It has been years, but I remember Phil and your beautiful family fondly. I enjoyed visiting at your home and playing with your daughters. Thank you for your long standing friendship with my mom all these years. Love, Jodi (the Fenn's)
