“ I was shocked to hear of Doris's passing. I enjoyed working with her for many years. She was fun to work with and very kind and compassionate to those she worked with. Including the feral cats around the office. I count myself lucky to know her.

“ I met Doris 25 years ago. Our husbands were metal detecting buddies, and through them we met.

We ended up having the same surgery the same day at the same hospital and shared a room. We were able to share many experiences and stories. There was never a doubt of her love for Jay and her daughter Kate. I feel blessed to have known her...

“ Doris is one of the most favorite people I have ever met during my crazy, happy, sad journey here on earth. Doris always was so down to earth but never took anything too seriously(at least she wanted everyone to think that) I love you Doris. I will see you again! You are my kindred Sis.
