“ Gayle Carson was and will always be loved and admired. Yet, this is not the end. Life is after death and Gayle will again have life. I remember one thing. I was with Gayle's kids in her car and it was icy. Lincoln insisted that Gayle swerve the car and make it go out of control when the were going to turn. Gayle did it and said, "What are you kids doing back there?! Lincoln, you better not be pressing any buttons!" Of course she was teasing. I could go on, but I know I will see her again.

“ Words don't do justice to the overwhelming feeling of love and admiration I have for you, Gayle. Your witty cheerfulness was uplifting to all around you. A breath of fresh air for all of us. You inspired me to be better, to keep a positive attitude, even when things get rough. A song from the musical "Wicked" says it best... "Because I knew you, I have been changed FOR GOOD."

“ I have never meet a more caring women then your Mom she has always been there through thick and thin. She was like a Sister to my sister and it was so nice to have that friendship in both families. She was a great friend to everyone and you kids will always cherish the memories your mother taught you and you will never forget who and what she has always been and that's MOTHER. Thanks for making me feel Welcome and my Parent's and you are still a very good friend to everyone. Again God be with you until we meet again. The Mickelsen Family From Idaho.

“ Gayle was the first to befriend me in Mtn. View when I moved here. We had some great times in the years I was in the valley. Her kindness, thoughtfulness, and generosity will be missed. Rest in Peace my friend.

“ I'm very sorry to hear about your loss. Death just doesn't feel natural because it isn't. God never intended for us to pass away. It is comforting to know that he still indeed plans to carry out his original purpose of mankind filling the earth (Ps 37:11) ...with tears, suffering and death long gone (Rev 21:3,4).

“ What a blessing it has been to know Gayle and the wonderful Carson family all of these years, as their neighbor and as their home teacher. I don't think I ever called to set up an appointment where Gayle didn't say "come anytime; the doors always open". She is a fighter without ever complaining about her cancer. If you would ask how she's doing, she would always say "it is what it is". How we will miss this beautifully, spirited lady in our neighborhood and ward. Heaven is a little brighter now as I'm sure she is visiting everyone with her shining spirit and smiling face. You will be missed, but we are so happy you are pain free.

“ Gayle and I were always really good friends from the 3rd grade when I moved to Mt.View. Through our senior year, we didn't keep in touch after H.S. but I thought of her alot. RIP friend.

“ I was so grateful for the time I shared with Gayle in the Relief Society Presidency in our ward. The many long talks we had and thoughts we shared. I grew to love this sweet, funny and wonderful woman. She always made me laugh when we would spend time talking after our meetings. She was an extremely genuine person who loved every one and served others above and beyond what most people do. She loved her family immensely and they were her first focus. She was a wonderful mom and such a great example of Christ like love. She was very positive and loved to joke with you. She had such a big heart for people, it didn't matter what you had done in your life, she would give you support, encouragement and love anyway she could. I love you Gayle and will miss you.

“ Gayle was always fun to be around and full of laughter. We had so many memories growing up living and working at the Little America Hotel in Wyoming. She was not only my cousin, but she was a great friend and role model as I was growing up. She will be greatly missed! Rest in peace Gayle!

“ Fun and feisty to the end, Gayle is the embodiment of what it means to "endure to the end". And as Frank Sinatra sang...she did it her way!! You are one of a kind!! We already miss you!!

“ So many memories with Gayle. I can't even begin to list them all. Gayle was a rock and very good friend to me through school and after. I hate that she had to go through this ordeal. She will be sorely missed. I will pray for the families that they can have some comfort during these difficult times. Love you Gayle!!

“ She is very funny, love her sense of humor. And she always made my kids welcome to visit and play at her home. I love that she loves America and was always a pleasure to talk about what makes our country so great. I remember sharing Madison Rising's version of the Star-Spangled Banner, we both got goosebumps! Love you, Gayle!

“ I will never forget my times spent with the Stringer family. Gayle was always so much fun! She showed me how to milk cows, drive a tractor, and climb through the tunnels in the haystacks. Many of my best childhood memories include Gayle and family. I was so sad to hear this news and am glad to have known her.

“ Gayle, I miss you. You are such a great example to me of being faithful during unbelievably hard times. You lived to serve others and your family, never wanting to be a burden on anyone. You always made me laugh during Stringer Family Re-Unions with your story telling. You have left a legacy of being faithful to family and faith, for those of us here. I know you'll continue to watch over your children. We will too. Thank you for being such a wonderful person and a great example of living your beliefs.

We miss and love you Gayle.

“ When I think of Gayle these thoughts come to mind, strong, courageous, faithful, talented, funny, sweet, loving, wonderful Mom and devoted wife. Les and I were Gayle and Ned's home teachers. We loved to visit them, it was mostly Gayle because Ned was at work a lot of the time, what great memories I have. I'm so thankful for that time we had to get to know Gayle better. What a rock! She is an example to all who knew her. Love and hugs go out to Ned and the children. I pray that through your memories you may feel some comfort and knowing she isn't in pain any more. I know she will be your guardian angel watching over all of you. Love Judy and Les Smith.
