GLENN F KUMMER

September 17, 1933 - November 7, 2020

Born in Park City, Utah to Ralph and Beatrice Kummer, Glenn was the middle child of three sons. He grew up humbly as the son of a silver miner in the rough and tumble town of Park City. He graduated from Park City High School and then moved to rejoin his family in Salt Lake City. From 1956-1958 Glenn served a mission for The Church of Jesus Christ of Latter-day Saints in Western Canada. While serving his mission, he gained a greater sense of life's possibilities and decided to attend college. He would be the first in his family to graduate from college. In 1961, he graduated with honors from the University of Utah with an Accounting degree.

In 1958, he married his sweetheart Marilyn Stevenson (deceased). Together they have six children: Dixon Kummer (Dana), Christine Dellenbach (Drew), Cynthia Baumgardner (David), Amy King (David), Michael Kummer (Jennifer), and Linda Gallacher (Bryan). He is also survived by his brother Duane Kummer, 26 grandchildren, 16 great grandchildren, and numerous nieces and nephews. He leaves a large legacy that love him.

While Glenn attended university, Marilyn supported the family and typed his papers. He always gave credit to her for helping him achieve a college diploma. After graduation, they moved the family to Southern California, first to Lynwood and later to Corona. Glenn began his professional career with Ernst & Ernst. In 1965 he found a career home with Fleetwood Enterprises, and they discovered a leader in Glenn. He started with Fleetwood as a buyer and moved up the leadership ladder. In 1982 he was named President and Chief Operating Officer. Fleetwood grew to become Riverside, CA only Fortune 500 company under his guidance. He made many friends and fond memories at Fleetwood.

Glenn was very involved in his community. He served on numerous boards, including the board of Corona Circle City Hospital, an Executive Fellow at A. Gary Anderson Graduate School of Management, and the Victoria Golf Club board. He was elected to the Corona

Norco Unified School District Board in 1978, and was instrumental in the creation of a fundamental school (Lincoln Alternative School).

As a lifelong member of The Church of Jesus Christ of Latter-day Saints, Glenn attributed his leadership skills and talents to lessons he learned at church. He served as Bishop twice, a Church Welfare liason, sports director, teacher, among other positions. Two phrases that inspired him and that he shared often were: "Anything worth doing is worth doing well," and "If you think you can or you can't, you will."

Glenn always had a love of sports and was a great competitor. He played softball, basketball, and raquetball. He was an avid golfer and won many club tournaments. He always enjoyed being underestimated because of his heighth and age, in the end he was usually the winner, at the very least earning the respect of the competition. He was an Angels fan and for years he was a season ticket holder. He enjoyed attending games, but he loved taking people to games, even giving tickets to strangers standing in the ticket line.

While many may remember Glenn for his professional success, those who knew him, loved his stories, wisdom, humor, generosity, and one who was a friend to all. His family will remember playing cards, watching ball games, shooting hoops, family dinners out, his advice, fly fishing, and gathering at Grandpa's cabin. He taught us all, and he loved us all. He is very loved and will be missed. Rest in Peace, 'til we meet again.

“ I always enjoyed chatting with Glenn. He was down to earth and would say ‘hi Ed, How are things at Hancock? Really a great guy that never got beyond the value Of personal relationship.

“ Glenn was a great man who lead a World Class company. He cared about his employees and treated us like we were part of his family.

Under his leadership Fleetwood provided countless families with opportunities for success. Fleetwood had unrivaled benefits for their employees due the thriving company he helped to build and sustain for so many years. I believe there are very few companies in the world at that size that can claim to have taken better care of their employees. He helped to build a business model worthy of emulation.

We were fortunate to be able to learn from and share time with Glenn. Love to the Kummer family.

“ Brother Kummer, as I knew him in the Mt Rubidoux in the Riverside Stake, may have been short in physical stature, but he was a giant of a man in every sense of the term. I got to know him as he came back to the church. I found him to be the most genuine person that I had ever met. When he was conversing with someone, he made that person feel like he or she was the most important person on earth at that moment. I was one of the beneficiaries of some of his season tickets for an Angels game. He spoke often of his children and grandchildren, a conversation that always interested me having gotten to know Amy and her son back in 1993ish (taking them to a Dodger game perish the thought). He loved his children and grandchildren and he was always so sweet and kind to my own daughters. Getting to know and love him and the kind of man he was, he was my friend. I had always hoped to see him again after he moved. I was lucky and truly blessed by his friendship. I will miss him as will you, but I know we will see him again. May the tears of his passing be quickly replaced by laughter and the cherished memories of his life.

“ Thank you Linda for contacting me and for providing me with the link to a beautiful service. I am fixing a pot of chicken and dumplings in Glenn's honor and remembering the family reunions I attended with my mom (Barbara Hansen) and grandparents. (Gus and Reeta Perry). My mom died the morning of the planned family reunion in June of 2006. Your dad came to be with me at the hospital just after she passed and we both found comfort in the thought of a heavenly family reunion on that day.

My thoughts and prayers are with you and your families during this time and always.
God's Peace and Blessings

“ I am so grateful that I was able to attend this service via zoom. It was a very beautiful tribute to an exemplary man. Hearing all the stories from his children and grandchildren reminded me of the man I knew all of my life. I don't have specific memories, but he was always so kind and had a larger than life personality. The last memory I have of him was about 10 years ago when he met my husband. He said, 'Now you take good care of this young lady here. She is a special one and if I hear you don't, I'm gonna come after you!' Of course, all of this was said with a little gleam in his eye and a strong, but loving handshake, My husband reminded me of this when I shared that he had passed. I love to think of your parents and my parents having a wonderful reunion on the other side of the veil. How blessed we were to have them all in our lives. Sending all my love to all of you!

“ Glenn was more than just our President at Fleetwood. He truly was a friend. This was the ONLY company I ever worked for where you called your boss by their first name, even The President. Fleetwood was our family and Glenn was the leader of it. He always went out of his way to say hello and ask how you were. Many fun times were had; Company picnics, Christmas Lunches, fundraisers for some of our worthwhile causes..all with Glenn's involvement. My condolences to his family.

“ I was fortunate to be chosen as Glenn's secretary when the position opened up. He was such a down to earth person who was an inspiration to so many. He embodied the culture of the company that I found so unique that I stayed for my entire career. His love and pride for his family was evident. His dictation tapes were sometimes challenging but I learned his language idiosyncrasies and we got it done! I will always be grateful for the opportunity to work with and for him. He was one of the best.

Virginia Smith - November 10, 2020 at 06:39 PM

“ My kids and I have been reminiscing about all the opportunities we were given because of the kindness and generosity of Glenn. I worked in the office next door to Virginia, his assistant, and supported many different VPs while Virginia took care of Glenn. They were an incredible team! Glenn shared his airline reward miles with us one year to take our family to Disneyworld. We used his season tickets on many occasions to attend Angels games and hockey games. He was friendly to every employee and knew most of their names. He liked to hang out at the catering truck a few times a week to visit with everyone. He was cordial and kind but could also make hard choices when necessary. He was a wise and astute businessman but he was a loving friend first. Anyone who knew him will mourn his loss. God be with you my friend.

“ Glenn shared during a Fleetwood Western Region meeting that when he traveled with his family as they passed a travel trailer that was lunch and a motor home was dinner. My children were taught that when they saw one of our manufactured homes on the road, that was our dinner. I never forgot that.
