“ A year has passed by since he passed on... He was in my drama class and everyone that was in there were friends. Jhonny was caring he always wanted to make people laugh and would compliment my purple hair which made my day. I wish I had the chance to talk to him more, he always would do the funniest stuff in class which I loved he could put a smile on anyone's face. I wish I got around to writing this sooner. He had a contagious smile and the best hair I haven't been the same really since I heard the news I send my deepest condolences and love to his family johnny is missed. “ Oh Johnny. You are so special! You have the sweetest spirit. I have fond memories from my time as an aide in your class at Lakeview. I have many notes, and little treasures you give me. You are so bright in both spirit and intellect. Shine on sweet boy. You are loved by many. Jett was terribly sad to hear the devistang news of your death. We will always remember how great you are!
