“ Josh was Codys best friend. Josh used to come to my house all the time and he made us laugh. He had a Hugh heart and cared so much about people. We are so blessed to have Josh in our lives. I wish everyday I could turn the clock back and maybe a day before he passed had talked to him and maybe that would have made a difference. Josh we miss and love you so much. I know your up in heaven and watching over it loved ones and I sure hope us as well. Plus I hope Heaven has all the sweaters and cologne u love to wear. :) love you. Cody was pleased to help carry your casket to ur final resting place. He thinks you would be proud. We will meet again. Love The Craigs

“ Josh and I along with Sam were unseperable pretty much back in 2007-2010 out in KC. I have yet to meet someone with as big a heart as Josh had. He was always looking out for others. He helped me through some rough times as we'll! One thing is for sure, Josh LOVED his son Braden more than ANYTHING in the world! Braden was his world, his reasoning for getting up every day. Josh would speak about him constantly and I know it hurt him not to be with him every day. So if you ever get a chance to read this Mr. Braden, your Daddy loved you more than anything in the world. You were his world!

I'm going to miss you Josh, I love you brother!

“ I spent a short month with Josh working in the jail work program. Although he was troubled by his past, upbringing and abused by his mother he still had alot of kindness and love in his heart. I tried to give him confidence and support in the short time I knew him. I could have seen this in his future release from jail. He needed support and love from many of those who mistreated him. His mental health was OK when he was clean and off drugs. He could have had some support and mental health evaluation done when he got out of jail that could have prevented this. You will live with love in my heart josh. Please remember him for all of his best. I know u are in many of our hearts josh.

“ I will never forget the huge heart Josh had. If there was ever a person I enjoyed laughing with it was josh. He had such a fun laugh and personality. He was and still is an inspiration to me in how much he love and trusted in The Lord. He believed in him full heartedly and it was such a blessing to witness. I could never hide my hurt or sadness from him. He would always give me those little puppy eyes and say, 'Andrea, come on what's going on?' He was so in tune with the hearts of others. I have known josh for 12 plus years and have seen him go up and down but no matter what he ALWAYS cared. I am so grateful that we had the relationship we did and that I could be graced with his precense in my life. You have great work ahead of you josh, The Lord now needs you to teach and serve others on the other side and those people are blessed to have you. Your presence is great in my life today. We will live and miss you dearly. I never thought I would have to say I miss worrying about you and wanting to make sure your ok. Now I know you are... Till we meet again sweet boy...

“ My thoughts and prayers are with his family, josh changed my life forever. He gave me my first beautiful child that changed my world forever. I know josh and I hardly saw eye to eye considering how young we where and are, but he had a fantastic personality that brought a smile to a lot of faces everyday! I love him and miss him and I wish I could have seen him at least one time before he passed.. I'll never forget him. I held a candle light visual in his honor and people really do loooove him;!!
