“ I was blessed to have met Patty better known as Nana Patty when I started working at Dr Shaykh's office. We immediately became very close friends and before long more like family. She has always been like a 3rd grandmother to our son and daughter. She would always invite our family to Trunk and treat at her church as well as family gatherings at the home of Mr and Mrs Cersy. We will all miss her so much and will always love her. RIP Nana Patty

“ One memory that really sticks out for me is when I first got divorced and Ms Patty had Buffee invite me over to share Christmas Eve with the family so I wouldn't be alone. She even had a gift bag filled with goodies. I don't think she ever knew how much that meant to me. This was just who she was a very kind and thoughtful person. I can't even imagine not having her here physically . It's going to be hard for the family but knowing she is with her sweetie and the so many memories you have. You all will be in my thoughts and prayers.
