

Shane Rosenberg

February 8, 1966 - December 4, 2017

Shane Rosenberg was born in Cedar City, Utah on February 8, 1966 to LaRue P. Rosenberg, and Robert Jo Rosenberg. He passed away on Monday, December 4, 2017 after several months battling brain cancer.

Shane attended High school at Las Vegas High School, BYU in Provo Utah, and completed his graduate studies at the University of the Pacific in Stockton, California.

Shane was very active in sports from an early age, and continued to enjoy competing in his adult years. He has a very strong faith in the power of service. He chose a career in Physical Therapy, which has allowed him to offer help to people all over the world. He worked as a physical therapy aide at Utah Valley Regional Medical Center in Provo during his years at BYU and then returned to UVRMC after he was licensed as a physical therapist in 1996. Because of the opportunities that physical therapy opened to him, he has been able to treat countless numbers of patients, inpatient, outpatient and home health. In 2008, he began working in association with the Wheelchair Initiative for the LDS church. As a wheelchair seating specialist, he helped to write the curriculum for the training program that is used in the distribution of wheelchairs throughout the world. He had the privilege of going on assignments to the Dominican Republic, Belarus, Kosovo, Czech Republic, Ghana, Lebanon, Jamaica, and probably other areas which we cannot remember.

Shane served a full-time mission for The Church of Jesus Christ of Latter-Day saints in the Indiana Indianapolis mission. He has remained faithful in the LDS church throughout his life and has loved the opportunities to help others that this has given to him.

Shane married Tana Kauffman in the LDS Las Vegas Nevada temple in 1990 and together they have had 5 children. Kaisa (Drew) Ludwig, Leksi (Ty) Skousen, Teija, Marin, and Miles. He was well known for his sense of humor and his outgoing and friendly way of interacting with others. His example of dedication and service continues to be a blessing in the lives of everyone who knows him.

“ At age 20, I found myself paralyzed from the waist down after a snowboarding accident. I spent two and a half months at UVRMC, and the next year in outpatient therapy under Shane's care. He was an amazing therapist who could cheer any little sad soul up with his upbeat personality and positive outlook on life. He was the embodiment of "can do attitude." He showed me that despite this new and tough reality, I could still live my life to its fullest. I really appreciated how he made awkward moments like very stinky involuntary passing of gas and awkward bathroom transfer demonstrations completely normal. Although it's been nine years, he always makes me feel like I was his best patient every time I see him, although I know he has seen hundreds of patients and treats us all special. I've loved hearing about the cool things he's done over the years and am inspired by his kind acts of service for others. He was just an all around solid guy. I loved him as my therapist and friend. Thank you for sharing him with all of us. He will be greatly missed, but forever in our hearts. My prayers of comfort and love go out to your family at this time, but please know that his life was well-lived and he is now with a very loving Heavenly Father. We shall continue to honor his friendship and live our lives in the best way possible, continually inspired by this great man's legacy. xoxo, Martina Huntington and family.

“ Im sorry to hear of your loss. He was a good person and his patients loved him. he will be missed by many of his patients. We referred patients to him all the time and everyone loved him and missed him while he was gone. I remember the time that he randomly brought our office a wheelchair for our patients when the needs arise. So glad he was thinking of others we use that wheelchair all the time and if it wasn't for him thinking of our office we wouldn't have that chair. So sorry for your loss Brandy Lazenby Dr. leininger and Dr. Allreds Medical assistant

“ My mother was one of his stroke patients...he was the last man she "danced" with, he made her fearless during a frightening portion of her life! He was truly a blessing

Dear Tana and Family,

I was saddened to hear of Shane's passing. The last time I talked with Shane was in August. We both happened to be at the doctor's office. He shared with me his struggle with his brain tumor and how he wanted to get back to work and help others. My father had a stroke in January of 2014. Shane was a wonderful physical therapist who worked with dad to help him strengthen his muscles and nerve function. Shane was always positive and brightened our day each time we took dad to therapy. Our thoughts and prayers are with your family at this difficult time. I like to think that dad and Shane are now taking a stroll together and enjoying each others company without the pain and handicap of crippled bodies.

All my love,
Patti Bell

“

I had the wonderful opportunity to work with Shane in rehab for 13 years. He is the perfect example of one's ability to touch so many lives for good! There will always be a special place in my heart for him because of what he did for others. My prayers go out to his family and hope you always take pride in the kind of person he was and is. I know why Heavenly Father had to have him back early. I feel so lucky to have known him. Sincerely, Angie Moses

“

I was so shocked and saddened when I heard about the passing of Shane. I worked with him in Rehab for 13 years, before retiring 5 years ago. Shane was always so kind to everyone he worked with and every one of his patients. He is a wonderful daddy and husband and always bragged about his family. He helped so many people and taught all of so much about kindness and service. He was the best physical therapist anywhere and my special friend. I will pray for his sweet family, that they will be given the strength they need during this difficult time and have complete faith in the knowledge they will be with him again. With respect and sorrow, Karen Baum

“ We are very sorry to hear of Shane’s passing. Our condolences to the family. Shane taught Gloria exercises to alleviate and minimize her Parkinson’s symptoms. We saw him four times a week for a month. Sometimes he saw us during his lunch time, just to be able to work us in. His enthusiasm for his work and his concern for his patients impressed us, and the exercises continue to help Gloria significantly. Kaisa was in my English class at Springville High one year, and when we met Shane, I knew where she got her energy and enthusiasm for life. We are thankful for Shane and his continuing positive effect on our lives.

“ Dear Tana and family,
Our deepest condolences to you and your family at the loss of this giant of a man. When I (Marcia Livingston) suffered a massive stroke in January of 2009, Shane was assigned to evaluate me. I learned to trust and relate to him from the start. He was so creative and would come up with all sorts of ways to help me. He had me draw pictures with my left affected foot, putting the pencil between my toes. This was to teach the toes to not curl. I got pretty good at it and joked that he could sell them, when I became famous. He told me that he loved his job so much, that he would even do it if they couldn't pay him. And this was demonstrated, when he drove to the American Fork fitness center to show me how to use the equipment. Shane love all of you and talked about how you didn't have the traditional Thanksgiving dinner, but ate food other than turkey, etc. Once when I was very discouraged with my progress, he introduced me to the treadmill that was in a small pool of water and let me walk for 45 minutes as we talked.
Oh, how he loved the Provo City Center Temple and delighted in the fact that he and Tana could be there for the dedication and to top it off, had a daughter get married there. He loved all of you so much and is proud of the good people you are. May you experience peace in your hearts knowing Shane is with his Heavenly Father and Savior.
Love, Skip & Marcia Livingston :)

“ Please accept our condolences for your family. I have some great memories of playing outdoor and indoor volleyball with Shane during our studies at BYU. He was always kind and considerate of others. He helped me through the sometimes difficult transition of being so far away from home and family. He was truly a kindhearted and loving person, a true disciple of Christ.

“ Dear Family of Shane,
I would like to express my sincerest sympathy to your beautiful family. I am sorry i did not see Shane after he got married. Shane was on "The Paradise Dancers" a Ballroom Team I had in Las Vegas. He was such an example to the other youth on the team. Always a ray of sunshine. What a special young man he was and a friend to all. I know he was wonderful at his profession, father, husband and mentor because that was the person he was even as a young man. I have wonderful treasured memories of him. Makes my heart sad to see pictures of his beautiful family and I know of the love his brothers and sister always shared. It is truly a great loss for all of you.

My sincere love to all,

Judy Peterson
