July 2, 1937 - January 13, 2018

Sue Bishop passed away at the age of 80 on January 13th, 2018. She was born July 2nd, 1937 in Mesa Arizona to parents Hyrum Christian Knudsen and Margie Cluff. She married Billy Michael (Mike) Bishop on November 23rd, 1956. Mike was in the air force and so they moved around a lot. They spent four years in Africa where she learned to fly a plane and got her pilots license. After returning to the U.S, they started their family. They had one daughter and six sons. She never felt that her family was complete until they adopted two more daughters some years later.

They lived all over the United States for some time before moving to Canada. She was an active member of the Church of Jesus Christ of Latter Day Saints and was the first Relief Society President of their small branch in British Columbia. She was devoted to her children, they were her whole world. She was sassy, fun-loving, an amazing cook, seamstress and artist. She ruled with an iron fist and you didn't dare cross her. She loved going to church. She encouraged her children to share their talents and gain appreciation for new ones. She never gave up her role as a mother, she'd put you in your place no matter how old you were. She loved to travel and could survive on a dime. She loved to dance and simply loved life. She loved her family. She gave many a foundation to stand upon. She was far from perfect, but she lived a life of love and sacrifice for her children.
